## Hello!

**Since high school, I was involved in helping my fellow students understand their school work.** I first worked at a Christian school in South Dakota to support my work at a local Bible Institute. After a couple of years, it became obvious that this was what God wanted me to do as my actual ministry.

When CCS was looking and praying for more administrators, I felt that God wanted me to apply, and that my experience as both a teacher and an administrator could be put to use at CCS.

**As I mentioned before, my experiences in school helping other students gave me a heart as well as the experience to begin the preparation for teaching.** My first teaching experience was teaching elementary Sunday School when I was in high school.

Also, I believe that God has given me the gift of administration. I have always enjoyed helping to organize things in order to accomplish tasks.
