### Hello!

**When the opportunity was presented to me to fill this new position I felt that it was all God's timing.**

I represent the school at all functions having to do with the community, parents and alumni. I also oversee fundraising, whether via grant writing or event planning.

#### I have always had customer service

**related jobs.** In high school I was in retail, in college I led campus tours of the university, at Chevron USA I was the company liaison dealing with outside oil companies. I have always dealt with people outside of the organization, and I am very comfortable representing the organization.

**I have seen God's blessing** mainly through feedback, not just about the event itself but also how it blessed people personally.

#### I enjoy what I do everyday and feel a burden for the students and their families.

I believe God has given me a vision for this ministry and my part in it.
