#### Hello!

I am grateful for the opportunity to work with students and staff of many age groups for almost thirty years. After serving many years as an administrator, I still consider myself a teacher at heart and enjoy helping others to learn as I continue to learn myself. My hope and goal is to instill the love of learning in the staff and students by being an example of lifelong learning myself.

We, as a staff, endeavor to create a safe, fun, engaging and exciting learning environment for the students. What an awesome responsibility and privilege we have to educate children to be analytical, creative, knowledgeable, well rounded, responsible, and spiritual-minded citizens of tomorrow!
