Teaching Credential in Biological
Sciences

Hello!

Having moved from New Jersey in February 2011, I did not know how God would provide a job for me in my new home in California. Just as in everything that God has led me to, He provided this job for me at CCS. I do not take this job lightly because I know that God has placed me here. Thus, I seek to do my very best serving God through serving the students and community at CCS. It is my continuing prayer that I serve with the strength that God provides.
