Hello!

From the time my children started attending Chinese Christian Schools, I felt the Lord leading me to work there. I wanted to work in a Christian environment and to also work with my friends. Being available for my children was also very important to me. **I enjoy working with little children and watching them learn and grow.** Having my own children has been the best preparation for working with young children.

Currently, I am an instructional assistant working in the kindergarten classroom. **My job duties include class discipline, craft preparation, monitoring duties, grading papers, tutoring, and substitution.**

God has given me a great group of teachers and teacher's assistants to work with in kindergarten. We have an open and up-front relationship with each other. I would not be able to do my job effectively without their support.
