Hello!

As my sons entered Chinese Christian Schools in 2000 for kindergarten and third grade, I had been volunteering in both classrooms every week. I thanked the teachers for allowing my boys to have buddies to help them settle down in their new environments. Because I have this experience with my sons, I feel that **God has led me and given me the ability to work with new students that struggle with learning.**

As a teacher's assistant, I help the teacher and the students. Sometimes, I have to multi-task. I need to finish last minute assignments from teachers and handle some emergencies from the students and run errands for the office and administration.
