Hello!

I believe God has called me to work with children. He has given me a talent and desire to teach students in a classroom setting. For the last 24 years, God has increased my love for working with the students and has confirmed in my heart that I can make a difference in their lives.

My strengths are in organization and flexibility in trying different materials and methods in my classroom. I feel I am versatile and can teach well because I can bring material down to the level of the student in chunks or pieces, which makes it easier for them to "digest" or learn.

I wish to serve at Chinese Christian Schools because I feel the school can minister to the students and direct them to God, not away from Him. I believe that the school does have a unique ministry to the Chinese and can be used to help the children see that they can have the best of both worlds. They can be a Christian, and they can keep their Chinese culture.
