- San Francisco State University, BA

■ **Experience:**

- Chinese Christian Schools, 1998-Present
- 3 years of teaching; 7 years Administrative support in the school office, and 3 years in admissions

■ **Credential:**

Hello!

Having been at CCS for ten plus years, it is truly a blessing and encouragement to see how our students have grown and matured into very nice young men and ladies. I thank God that He has allowed our school, our staff to have a small part in transforming lives for His Glory.

As part of the admissions team, I enjoy meeting and helping all the new families and students as they try to find the right school for their children. It is important to me that their children have a positive and successful experience at the school.
