Hello!

After leaving corporate life to become a full-time mom, I became fully involved in my children's education and activities at CCS. I appreciate how much the school has done for my five children, and I felt that God was working in my heart for the past eight years to consider working at CCS when my youngest became ready for school. I had always thought that I would either go back to corporate life or to college to finish the master's degree that I started before we started having children.

I love children. Lots of them. So, working with students is truly a blessing. I hope I am a blessing to them as well. God works in wonderful ways and He made it possible for me to come here. My children are happy.
