Hello!

God has given me a lot of patience for teaching. Also, I have the ability to take complicated concepts and explain them in an easy to understand manner.

As for teaching Mandarin to Asian children, **I am blessed, since I know several Chinese dialects.** So while explaining Mandarin, I can help them by also using their dialect. This helps them to understand Mandarin in a much more personal way.

I love to share my knowledge with people.

I believe I have the gift of teaching as I have taught Sunday School for many years. I feel that God has been leading me to help people through teaching. Chinese Christian Schools emphasizes the importance of soul winning, and that is why I am convinced that this is the place where I can serve God best.
