

Laura Lam

Cafeteria Support

■ **Education:**

- Alameda College, AS

■ **Experience:**

- Chinese Christian Schools, 1991-Present
- Preparation:
Over 8 years of a wide variety of responsibilities at Children's Hospital Medical Center increased personal awareness of the importance of careful preparation and handling of even a seemingly simple lunch.

Hello!

I began volunteering at the Chinese Christian Schools' cafeteria and enjoyed serving God and fellowshiping with other young moms and their children. God brought an opportunity a few years later when I was offered a staff position as cook. I praise God for the special environment within Chinese Christian Schools and for the chance to be part of its ministry.

My responsibilities include the following:

- 1) Reviewing they day's menu worksheet and noting changes to food items and quantity;
- 2) preparing the kitchen and gathering and organizing all ingredients, food, and needed equipment;
- 3) determining the order of food preparation and overseeing helpers as they perform their duties;
- 4) overseeing the cleanup of the kitchen and equipment, which includes supervising student workers;
- 5) organizing the serving areas for students and staff;
- 6) beginning preparation for the next day's menu.
