## Hello!

Many years before I came to Chinese Christian Schools, I had hoped that someday I could work and serve in a Christian environment.

include managing the day to day operations of the school cafeteria for both students and staff; coordinating student and adult workers; planning the menus; controlling purchases; managing accounts receivables and payables; and overseeing the ordering process and inventory, kitchen production, and lunch ticket sales.

The cafeteria has been able to run financially independent ever since it began twenty years ago. God has always provided good workers – people who are willing and able, both paid and voluntary. Everyone works in harmony and we have always been able to resolve minor conflicts peacefully.
