A Time for Giving at CCS

Thanksgiving and Christmas are times where CCS students show their appreciation by performing acts of service. This year, the high schoolers cleaned the San Leandro Marina, provided gift baskets for Alameda firemen and civic leaders, gardened at the Alameda Point Collaborative, and donated and sorted food at the Alameda Food Bank. Over 500 volunteer hours were provided to help the community and those in need.

Students on both campuses are also involved in canned food drives, clean up projects, and other efforts to have a positive impact on the school and neighborhood.

Students prepared then delivered a gift box to Alameda firemen.

Service projects included working in the garden at the Alameda Point Collaborative and helping at the Alameda Food Bank.

Unified Yearbook

With this year's theme of "unity," the CCS yearbook "The Record" will for the first time encompass both campuses. This special full color edition will include all the memories from the school year and focus on the special unity shared by the two campuses.

Each student will be billed for the yearbook in the January statement, but families may decline ordering multiple copies by returning a waiver form or sending an e-mail to WendyWong@ccs-rams.org by January 3, 2012.

It is very unlikely that such a yearbook will be published again, so don't miss out on this very special edition of "The Record."

Senior guys clean the San Leandro Marina.

Freshmen girls helped in Kindergarten.

Calendar of Events

December 14-16

- High School Final Exams

Friday, December 16

- End of Fall Semester

Saturday, December 17

- Alumni Basketball games

December 19 - January 2

- No School - Christmas Vacation

Tuesday, January 3

- School resumes

Monday, January 16

- No School - MLK, Jr. Day

January 19 - 21

- Winter Drama performances

Monday, January 23

- No School - Teacher In-Services

Saturday, January 28

- Annual Crab Feed

Students Impress During Winter Music Concert

Even with just a few official lessons, the students showed great skill and ability in performing together.

Each of the groups performed very well and then joined together for a finale at the conclusion.

Science Bowls

The middle and high school science bowls are an impressive display of knowledge, acumen, and trivia in a friendly in-house competition. Students that do well are selected to represent the school in the regional science bowl.

HS 1st: Alan Cham, Simon Fang, Daniel Miao, Gabrielle Coloma, Lilia Yuan

HS 2nd: Devin Shen, Monique Zhou, Eric Yang, Nathan Leung, Justin Vilaysak

HS 3rd: Kimberly Tanaka, Olivia Lim, Angel Li, Jennifer Law

HS 3rd: Samuel Cao, Emily Wong, Jennifer Chow, Anderson Lao, Liane Yee

MS 1st: Andrew Wan, Michael Hwang, Andrew Nguyen, Daniel Lai, Nicholas Toy

MS 2nd: Timothy Fong, Tiffany Jew, Apollo Chua, Amos To, Christy Leong

MS 3rd: Catherine Cheng, Kelsey Fung, Justin Le, Christopher Ng, Alexis Fong

MS 3rd: Samantha Leong, Sara King, Clement Cheung, Julian Yan, Anderson Zhou

The final round of the high school science bowl was a closely watched match.

Kudos

The library books fairs saw over \$5500 in total sales and put an additional 225 books into the classrooms. Thanks to all who made it a success!

Thanks to the California Dairy Council, the San Leandro students enjoyed a visit from a cow and a calf and learned about dairy production. 8th grader Sean Lee assists by watching the calf during feeding.
